WORK EXPERIENCE

PageMD

Evansville, IN

Founder

2025 – Present

- Built an AI-Powered Medical Paging Service for outpatient clinics: the agent triages and transcribes inbound calls and pages on-call staff via SMS within seconds, handling up to 100 concurrent calls against a human operator's one.
- Lead a 3-person team; currently in beta at 2 outpatient clinics in Vanderburgh County.
- Won 1st at regionals and placed 3rd at STARTedUP Challenge Final; awarded \$5,500 in funding.
- Registered and built company website: PageMD.ai.

MediMatch

Evansville, IN

Founder

2024 – 2025

- Built a procedure-price comparison tool for uninsured and underinsured patients, pulling from hospitals' federally mandated price transparency files so patients could compare out-of-pocket costs across facilities before receiving care.
- Discontinued the venture after finding that hospitals' published price files were formatted inconsistently enough that identical procedures could not be compared across facilities.
